ZWTL Delivered

## 3 TATA Power Sites Audited

In collaboration with [FICCI](#), ZWC is excited to share the successful completion of the Zero Waste to Landfill (ZWTL) roadmaps for 3 facilities under the [Tata Group](#), across diverse business verticals.

Our key focus areas included: MAPPING of materials and waste streams to identify opportunities for recovery, reuse and recycling. INTEGRATING waste minimisation practices at the operational and administration levels. DESIGNING an implementation framework aligned with the regulatory compliance as well as the best global practices. BUILDING internal capacity through employee engagement, training and awareness campaigns. PROPOSING circular innovations in order to recover value from hard to manage waste streams

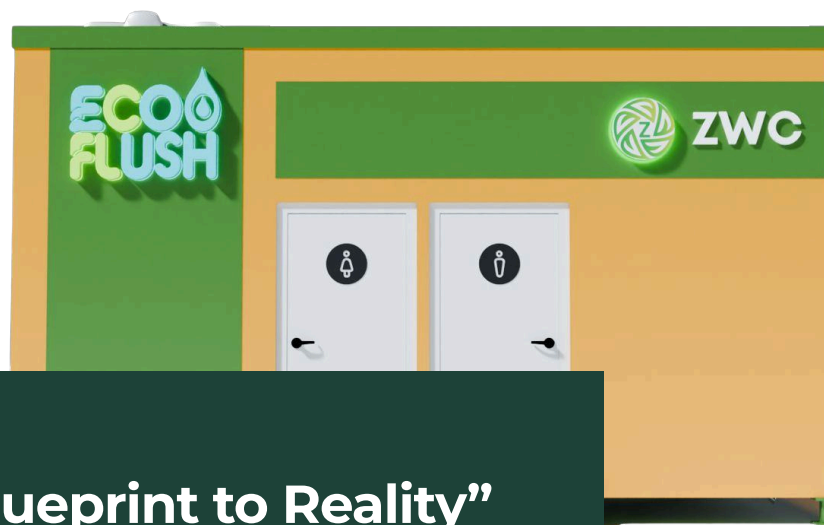

Sh. Ashok Kumar, Secretary Education, Govt. of NCT of Delhi

We are honored to have Sh. Ashok Kumar, Worthy Secretary of Education, Govt. of NCT of Delhi, graciously support our Zero Waste Bank initiative by personally depositing dry waste at @zwcsolutions. His active participation highlights the vital role of waste segregation, circular economy actions, environmental responsibility, and responsible community leadership in minimizing landfill pressure and promoting sustainable environmental practices across educational institutions, youth engagement, and society at large, inspiring future generations toward conscious climate action.

## • Sustainability in Schools

Education Director Engages with ZWC Model

#### Project Success

## “From Blueprint to Reality”

We are proud to announce the successful completion of our Eco Flush Public Toilet in Barmer, Rajasthan. This innovative model ensures zero waste discharge, wastewater recycling, and community hygiene empowerment—marking a significant step toward sustainable sanitation in rural India.

#### ZWC Spotlight: May 2025

## “Award Spotlight ZWC at FICCI Sanitation Awards”

We are delighted to share that three of our flagship projects have been shortlisted under the following categories for the prestigious ISC-FICCI Sanitation Awards 2025:

**Category 8A:** Best Hygiene Promotion Campaign

**Category 3:** Excellence in Wastewater Treatment and Reuse

**Category 2:** Excellence in Sustainable Maintenance and Community Management of WASH Systems

These nominations reflect our commitment to excellence in hygiene, wastewater innovation, and community-driven WASH systems.
